ACCOUNTANT'S COMPILED REPORT

Vermilion Soil and Water
Conservation District
Abbeville, Louisiana

We have compiled the accompanying financial statements of Vermilion Soil and Water Conservation District a component unit of the State of Louisiana as of and for the year ended June 30, 2011 and the accompanying supplementary information as listed in the table of contents. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and changes in fund balance. Accordingly, these financial statements are not designed for those who are not informed about such matters.

As provided for under the requirements of Louisiana Revised Statute 24:513, the District has not adopted the provisions of Governmental Accounting Standards Board Statement No. 34 for the years ended June 30, 2011. The effects of this departure from accounting principles generally accepted in the United States of America have not been determined.

			<u>(Yes, No, Partially)</u>	
2009-2	2009	The District's structure is not conducive to adequate internal accounting controls over financial reporting as it relates to compliance with GASB No. 34 disclosures. Currently, there is not an individual within the District that is charged with the governance to assess the impact of the requirements of GASB No. 34. This situation is due to economic and financial constraints.	N/A	Since the District is only responsible for issuing a compilation report and are electing not to implement GASB 34 in this period, this requirement is no longer applicable.
